Bidder must complete and return this form for the bid to be considered responsive. A check mark shall be placed in the areas of specification agreement. Variances must be clearly identified and bidder may use a separate sheet if necessary. Approved equals will be considered if vendor includes detailed product specifications for the City's consideration. Failure to comply with any part of the specifications will not remove that bid from consideration but will indicate a variance on which the City alone will determine the importance to the overall performance of the item and suitability for the intended purpose. Equipment bid is to be new, unused and of the Manufacturer's latest model. Any omission from the specifications shall not relieve the bidder from the responsibility of furnishing a **vacuum excavator with trailer** ready for use. All specifications in this bid are minimum specifications, unless otherwise noted, and bidders are reminded that equipment should meet or exceed these specifications. No contract provision shall waive any warranties, express or implied, nor shall any contract limit the standard of care for any particular service or undertaking to that of the locality where those services or undertakings are performed.

15. Any interest to be paid by the City of Johnson City for late payments shall be at the rate of interest at which the City pays on its most recently issued bonds.

18. The City of Johnson City shall not provide any legal advice, legal services, surveys, or procure the same for any other party.

19. The City of Johnson City shall be allowed to use all design documents and instruments of service, including but not limited to bid drawings, shop drawings, reports, specifications, cost estimates, schematic designs, construction designs, and the like for future additions or alterations to the current project or for use in other projects.
